

Proposed Project

The California Energy Commission received an Application for Certification on 6/15/09, requesting a license to construct and operate a nominal 200 MW natural gas-fired, simple-cycle peaking facility. The proposal, in part, consists of a new approximately 0.7-mile-long, 230-kV transmission line to the existing 230-kV Kelso Substation; approximately 580 feet of new 4-inch-diameter natural gas pipeline; a new 6-inch-diameter, 1.8-mile water supply line.

Mariposa Energy Project

Notice of Proposed Power Plant (Docket No. 09-AFC-3)

Proposed Location

The proposed project would be located in northeastern Alameda County. The site is located approximately 7 miles northwest of Tracy, 7 miles east of Livermore, 6 miles south of Byron, and approximately 2.5 miles west of the community of Mountain House in San Joaquin County. The 10-acre parcel is located within a larger parcel, known as the Lee Property, in an unincorporated area designated for Large Parcel Agriculture by the East County Area Plan. The site is immediately south of the Pacific Gas and Electric Company (PG&E) Bethany Compressor Station and 230-kilovolt (kV) Kelso Substation.

Public Site Visit and Informational Hearing

You are invited to join the Committee on a bus tour to the proposed site and attend an informational hearing. The applicant will describe the project and provide transportation to see the exact location of the proposed power plant. The Energy Commission will describe the energy facility licensing process and ways to become an effective public participant. The public is encouraged to attend to learn about the project, the process and involvement opportunities.

Thursday, October 1, 2009

4:00 PM – Site Visit (bus leaves)

Bus leaves from the Byron Bethany Irrigation District parking lot
7995 Bruns Road, Byron, CA 94514

- » BUS RESERVATIONS ARE REQUIRED!
- » Call (800) 822-6228 (by 9/24) and indicate the number of reservations needed.
- » Attendees will board a bus at 4:00 PM and tour the proposed project site.
- » Buses will return to the Byron Bethany Irrigation District parking lot.

5:00 PM – Public Informational Hearing

Byron Bethany Irrigation District
7995 Bruns Road, Byron, CA 94514

If you have a disability and need assistance to participate, contact Lourdes Quiroz by September 24 at (916) 654-5146 or email: lquiroz@energy.state.ca.us.

Additional Information

Project information and documents are available on the California Energy Commission website: www.energy.ca.gov/sitingcases/mariposa. You can also sign up on the List Server (electronic interest list) for this project from the website.

The Application for Certification is locally available for review at:

- » Livermore Public Library – 1188 South Livermore Ave. Livermore, CA
- » Brentwood Library – 104 Oak Street, Brentwood, CA
- » Fremont Main Library – 2400 Stevenson Blvd Fremont, CA
- » Tracy Branch Library – 20 E Eaton Ave, Tracy, CA
- » Mountain House Branch Library – 579 Wicklund Crossing, Mountain House, CA

If you would like further information or to be placed on a mailing list to receive notice of public workshops or hearings regarding this case, please contact the Associate Public Adviser.
